TROG 2020 Annual Scientific Meeting – Attendance Grant Guidelines

Clinical Research Education Workshop (CREW)

The Clinical Research Education Workshop (CREW) provides a forum for professional development for clinical trial coordinators, data managers and other related disciplines. This full-day workshop provides advanced education in many areas relating to clinical trials and is an opportunity for participants to increase their knowledge base, while fostering participation in clinical trials and networking with like-minded people.

Eligibility Criteria

To be considered for a TROG Annual Scientific Meeting Grant, for attendance at the Clinical Research Education Workshop (CREW), you must:

- Hold an affiliate membership with TROG. Full members are not eligible.
- Attend both the workshop and the main meeting (i.e. attending Monday through Thursday).
- Currently involved in TROG clinical trials.
- Have not received a TROG ASM Attendance Grant (Travel Grant) in the past 2 years.

Submission Instructions

Please complete the electronic application form which includes uploading the following two documents:

1. Supporting statement outlining the following: (word limit - 300 words)
   - What are your objectives and expected outcomes for ASM participation?
   - What is your current TROG clinical trial activity?
   - The positive impact your attendance has on your site/department.
   - How do you plan on contributing to the broader TROG community?

2. Letter of support from a full TROG member (word limit - 300 words)
