TROG 2020 Annual Scientific Meeting – Attendance Grant Guidelines

RANZCR SMART Workshop

The Radiation Oncology Trainee SMART Workshop is a full-day workshop directly designed to enhance trainee knowledge and skills in:

- Statistical methods
- Critical appraisal of the medical literature
- Research methodology

The workshop will have interactive small group sessions, guided by Radiation Oncologists and Biostatisticians, to discuss actively recruiting and published cancer clinical trials. The SMART Workshop is an opportunity for trainees to meet with local researchers within TROG, and international researchers. Trainees are strongly encouraged to attend the TROG ASM, following the workshop, and develop networks with TROG researchers.

Eligibility Criteria

To be considered for a TROG Annual Scientific Meeting Grant, for attendance at the RANZCR SMART Workshop, you must:

- Be an accredited radiation oncology trainee in years 1-5.
- Hold an affiliate or full membership with TROG.
- Attend both the workshop and the main meeting (i.e. attending Monday through Thursday).
- Have not attended the SMART Workshop or TROG ASM before.
- Post ASM – Provide a written report (300-500 words) on the experience and the value gained by the attendance. This report must be submitted to kelsey.shi@encanta.com.au, no later than Friday 3 April 2020.

Submission Instructions

Please complete the electronic application form which includes:

1. Answering the following question: (word limit – 100 words)
 - What do you see as the role of radiation oncology trainees in research?
2. Upload a letter of support signed by the head of their department confirming approval for trainee to attend TROG 2020 ASM
