

TECHNICAL RESEARCH WORKSHOP

TECHNOLOGY
A driving force in
clinical trials

2021 TROG

ANNUAL
SCIENTIFIC
MEETING
23 MARCH

The Technical Research Workshop is designed to encourage Radiation Therapist, Medical Physicist, and Radiation Oncologist researchers from Australia and New Zealand to participate in clinical trials and to promote the use of new technology in clinical research.

The workshop is set out to share a broader perspective on issues relating to clinical trial conduct and associated technology. It focuses on the active participation of Radiation Therapists, Medical Physicists and Radiation Oncologists in clinical trials to support and enable technical research.

PROGRAM OVERVIEW

- Advanced Planning
- Technology-Driven Clinical Trials
- Artificial Intelligence and Machine Learning
- New Technology
- Advanced Imaging
- Quality Assurance
- Motion Management
